

Direct Links to PebbleGo Articles

How to share a PebbleGo article that does not require a username and password

- In PebbleGo, find the article you want.
- Cut and paste the article's URL from the browser's address window.

Example: URL for the *Frogs* article in *PebbleGo Animals*:

<https://site.pebblego.com/modules/1/categories/1/articles/38>

- Tack this on to the end of the URL you just cut and pasted:

[?sqs=Q@/2WrsRxVXMPfClzuElew==](#)

- You now have a new direct link that looks like this:

<https://site.pebblego.com/modules/1/categories/1/articles/38?sqs=Q@/2WrsRxVXMPfClzuElew==>
