### Reminder

Please parents, encourage your child to study their multiplication facts as much as possible. Ten minutes per day would be great. We rely on that skill to assist us in more advanced mathematical concepts. Please let us know if your child does not have flashcards and we will happily provide them with a set. And as always, READ! READ! READ!

We appreciate your support and hope that if you have any questions or concerns you will contact either one of us.

Best regards,  
*Bob and Donna*
